

TRANSFORMING IDEAS INTO SOLUTIONS

December 19, 2024

Dear Joaquim Mulaza,

This message is to provide you with an update regarding your application for the Web Publisher role at MUST Company.

After careful consideration and evaluation of all candidates' quests, we have decided to move forward with other applicants whose qualifications and experience more closely align with the specific requirements of this role. We found your background and technical expertise to be impressive and your passion for web publishing was evident. However, in light of our current projects, we are looking for a candidate who is good at frontend designing animation or sliders and with a more extensive foundation in web content management, a sharp eye for detail, and the ability to critically analyze various aspects of web development, including user experience, design consistency, performance optimization, and SEO best practices.

We wish you all the best in your job search and hope that you will continue to develop and grow professionally. We strongly encourage you to maintain contact with us through our LinkedIn page for future opportunities that may align more closely with your qualifications.

Thank you again for your time and interest in MUST Company.

Erwin Llanera
HR Manager, Must Company
